

THE STERRAD VELOCITY™ BIOLOGICAL INDICATOR (BI)/PROCESS CHALLENGE DEVICE (PCD)
NOW THE FASTEST TIME TO BI RESULTS ON THE MARKET!*

Be Certain Sooner

We understand your CSSD has no time for delays. Release instruments faster while protecting your patients with the certainty of sterility assurance.

15 Now only 15-minute time to results!*

Always Ready Under Pressure

With the fastest time to read, you can release instruments faster, allowing you to increase throughput and keep up with the speed of the busiest CSSD and OR.*

Elevate the Standard of Care

Be confident in the sterility assurance of your instruments before they are used on patients. This confidence only comes from meeting the elevated standard of AAMI guidelines (ST58:2013/(R)2018), with the unmatched STERRAD™ System process monitoring accuracy.

Compliance Made Simple

With automated record-keeping and an intelligent, guided user-interface, compliance is quicker and easier than ever before, allowing you to feel confident that your BI records are audit-ready so you can focus on protecting your patients.

SCANNER

- STERRAD VELOCITY™ BI/PCD has the fastest time to read of any BI at only 15 minutes.*
- Sterility assurance up to 38% faster than the competition. ††
- Deliver critical instruments with sterility assurance in as fast as 39 minutes total load release (24 minute Express Cycle + 15 minute BI/PCD result).
- Streamlined workflow screens and integrated scanner enable quick and easy BI processing.

- STERRAD VELOCITY™ BI/PCD provides the protection of the only rapid read Process Challenge Device (PCD) for STERRAD Systems that meets the elevated standard of AAMI recommended guidelines (ST58 9.5.4.3).
- The only self-contained Process Challenge Device (PCD) for STERRAD™ Systems that provides sterility assurance through a resistance greater than or equal to the most challenging hospital-defined load (ST58 9.5.4.1).
- The first all-in-one Process Challenge Device designed by ASP specifically for all STERRAD™ System Cycles to minimize false positives.

- STERRAD VELOCITY™ Reader is the only BI system with an intelligent, guided user interface to ensure accurate BI processing and enhance compliance to BI regulatory guidelines and IFUs.
- Automatically and consistently stores up to 22,000 BI results, correlating with the control for a complete BI record.
- Via ASP ACCESS™ Technology, the STERRAD VELOCITY™ Reader integrates with STERRAD™ Sterilizers to provide a guided, error-resistant workflow with automatically correlated sterilizer and BI records.
- STERRAD VELOCITY™ System Printer reduces workload and potential for human error by providing paper documentation of complete BI results documented for including in the load record.

Protecting patients during their most critical moments™

ASP™ IS YOUR PARTNER IN ELEVATING THE STANDARD OF CARE, DEDICATED TO CREATING THE PRODUCTS, SOLUTIONS AND PROCESSES NEEDED BY PRACTITIONERS.
